NEED SANDBAGS?

During the winter months the Vallejo Flood and Wastewater District opens a free sandbag station, located at 45 Solano Avenue in Vallejo, for residents in the Greater Vallejo area. From Sonoma Blvd turn right at the traffic light onto Solano Avenue. 45 Solano Avenue is near the end of the road on the left, just before the Kiewit gate.

The sandbag station is open Monday through Friday, 8:00 am to 4:30 pm and during some major storm events. To enter, follow instructions on the sign.

Sand and burlap bags are free and shovels are also provided. At the sandbag station you will find instructions on how to fill a sandbag and properly build a sandbag wall.

**THE CITY OF VALLEJO SEEKS VOLUNTEERS FOR THE
CITIZEN WATER RATE WORKING GROUP**

The City of Vallejo is seeking volunteers interested in participating in a water rate advisory working group to work with City Staff and assist the City Council's *Ad Hoc Water Rate Committee*. Topics of discussion will be related to Vallejo's water system and future water rate modifications. Members of the working group should commit to serving through November 2018. Members will be required to attend scheduled meetings and educational tours on Vallejo's drinking water system. Duties will also include:

- Reviewing and commenting on proposals regarding water rate changes.
- Providing input regarding future water rate structures.
- Encouraging community understanding and participation in the water rate setting process.

The City Council's Ad Hoc Water Rate Committee will review all working group applications. A diverse group of 8 to 10 citizens, representing interests throughout Vallejo's water service areas, will be invited to participate as working group members. Preference for seats on the committee will be given to candidates who possess expertise or have demonstrated leadership in one or more the the following areas:

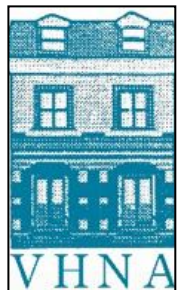

- Accounting or Budgeting
- Construction Management or Engineering
- Finance
- Water Industry (including but not limited to sewage collection and treatment, solid waste collection and disposal, recycling, storm water collection and conveyance, water quality or water supply and distribution)

Online applications must be submitted by January 24, 2018. For more information contact the Water Department at (707) 648-4307, or email Pam.Sahin@cityofvallejo.net with questions.
